

Hello! How are you doing today? Did you have a good day at school?

I had a lot of homework to do, but I managed to finish it in time. I'm really looking forward to the school festival next week.

Are you going to participate in any of the events?

I'm planning to enter the art contest.

I hope I can create something unique and win a prize.

Anyway, let's meet up after class tomorrow and grab some lunch together.

How does that sound? 70~100 初級
