

A: Hey, have you started studying for the English test next week?

B: Not really, I'm kind of busy with other stuff.

A: But studying is important. You don't want to fail, do you?

B: No, I don't. I just don't know where to start.

A: Well, you could make a list of the words you need to know and study them one by one.

B: That's a good idea. Should I use flashcards?

A: Sure, that could help you memorize the words better. And don't forget to review them regularly.

B: Okay, thanks for the advice. I'll try my best to study hard!

A: Hey, have you started studying for the English test next week?
(ねえ、来週の英検の勉強は始めたの?)

B: Not really, I'm kind of busy with other stuff.
(そうでもないよ、ちょっと他のことで忙しいんだ。)

A: But studying is important. You don't want to fail, do you?
(でも、勉強は大事だよ。失敗したくないんでしょう?)

B: No, I don't. I just don't know where to start.
(いいえ、そんなことはありません。ただ、何から手をつけていいのかわからないんだ。)

A: Well, you could make a list of the words you need to know and study them one by one.

(じゃあ、必要な単語をリストアップして、ひとつずつ勉強していけばいいんじゃない?)

B: That's a good idea. Should I use flashcards?

(それはいい考えですね。フラッシュカードはどうですか?)

A: Sure, that could help you memorize the words better. And don't forget to review them regularly.

(もちろん、そうすれば、よりよく単語を覚えることができますよ。そして、定期的に復習することも忘れないでね。)

B: Okay, thanks for the advice. I'll try my best to study hard!

(わかりました、アドバイスありがとうございます。頑張って勉強してみよう!)
